

Flexible Space Association Awards 2021

Best Referral to Flexible Workspace Award

The Judging Panel will recognise achievement in introducing new business to a flexible workspace operator during 2020 or 2021.

This category may recognise the work of an office broker, but it is not restricted to this. Consideration will be given to anyone who has played an active part in securing a new customer for a flexible workspace company. The award may recognise an individual or a team.

The winner will not necessarily be decided by the size of deal, although that may be a factor for consideration. Other areas that may be considered by the judges include the work undertaken to secure the customer, aspects that may make the deal particularly unusual or innovative, or perhaps stand out as an achievement during the pandemic.

The new business must have been secured during 2020 or 2021 to be eligible for the award.

The **deadline for nominations is 6pm on Tuesday 26 October**. These must be submitted in electronic format to jane.sartin@flexsa.co.uk

Company Name
